

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

CRS
Docket No: 5336-02
25 November 2002

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10, United States Code, Section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 14 November 2002. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you reenlisted in the Marine Corps on 5 May 1981 after more than two years of prior active service. The record reflects that you received three nonjudicial punishments and were convicted by a summary court-martial. The offenses included unauthorized absences totalling 29 days, and use and possession of marijuana.

On 26 February 1987 you submitted a written request for an other than honorable discharge in order to avoid trial by court-martial for an unauthorized absence, from 20 January 1985 to 24 January 1987. Prior to submitting this request you conferred with a qualified military lawyer at which time you were advised of your rights and warned of the probable adverse consequences of accepting such a discharge. Your request was granted and, as a result of this action, you were spared the stigma of a court-martial conviction and the potential penalties of a punitive discharge and confinement at hard labor. You received the other than honorable discharge on 18 March 1987.

In its review of your application the Board carefully weighed all potentially mitigating factors, such as your youth and immaturity and the contentions you made in the attachments to your application. However, the Board found that these factors were not sufficient to warrant recharacterization of your discharge given your request for discharge to avoid trial for a two year period of unauthorized absence, and your four prior disciplinary actions. The Board believed that considerable clemency was extended to you when your request for discharge to avoid trial by court-martial was approved since, by this action, you escaped the possibility of confinement at hard labor and a punitive discharge. Further, the Board concluded that you received the benefit of your bargain when your request for discharge was granted and should not be permitted to change it now. Therefore, the Board concluded that no change to the discharge is warranted. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
